

Dear Boxerfriends,

I apologise that I am late sending you the results of your show, but I must tell you that I had a small accident and so we say I was a little out of order for some weeks. But now I am getting somewhat better.

I was very pleased to be invited at your show and was surprised to meet your high quality of Boxers.

I have to thank my ring steward who gave me the best hospitality during my stay in England. It was a great pleasure to be your guest, thank you for that.

Kind regards to you all and to my judging college Mr G.Mullis,

Peter van Montfoort

### **Open Dogs**

1<sup>st</sup>. number 23

4 Years old

Excellent type, size and substance

Excellent head as the standard likes

Well-shaped skull, strong and not too wide. Correct ear carriage, deep stop, slightly developed eyebrow...., dark eye colour, excellent nose placement, square foreface well filled out under the eyes, correct bite in a well-shaped sweep of underjaw, well-shaped lips. This all gives him an excellent expression.

Long dry slightly arched neck, good withers, front angulations and fore chest, excellent topline, croup and tail set. Correct backhand angulations, nice underline, well developed ribcage, strong loins.

I was impressed of his 100% well balanced movement, excellent reach and drive, well-muscled, good condition. Very well handled.

In the final for BOB he was our Glory of the Sun.

2<sup>nd</sup>. 41 Excellent type, size and substance. Nice clean skull (not too much wrinkles on the skull), very good stop, square foreface and excellent shape of underjaw, good bite and expression, good neck and excellent withers, good topline, croup and tail set. Excellent mover and good condition.

### **Puppy Dog**

Number 32

10 months old

Big and strong young male, good puppy head in this age. Good bite, excellent neck and topline and tail set. Well angulated in the backhand, short in back, good mover for his age.

### **Junior class dogs**

1<sup>st</sup> number 42

Excellent head and expression, beautiful nose placement and underjaw, well-shaped skull, square foreface, nice bite, lovely stop and slightly developed eyebrow bones, which gives him a super expression. Nice long dry slightly arched neck, short body, well angulated in

front as well in the backhand. Well balanced mover with good reach and drive, well-muscled, good condition, very good handled.

2<sup>nd</sup> number 55

12 months old

Excellent type, size and substance. Nice head and expression, good shape of skull, stop and foreface. Slightly developed eyebrow bones, good bite, well placed long slightly arched neck, very good body, bones and movement. Good reach and drive, good condition.

### **Veteran dogs**

1<sup>st</sup> number 153

8 years old Excellent type, size and substance. Lovely head and expression, deep stop, square foreface, excellent bite and shape of underjaw, well-shaped neck, good body and bone. Well angulated, short in the loins, which gives him a square outline, very good mover, good condition.

2<sup>nd</sup> number 79

8 years old. Excellent type, head, body and bone. Excellent stop and bite, good shape of underjaw. Square foreface, nice neck. I prefer him a little shorter in loins, still good mover, good condition.

### **Minor dog puppy**

1<sup>st</sup> number 151

8 months very typical head, nice shape of skull. Excellent stop and foreface. Excellent bite and length of foreface compares to the skull. Well developed underjaw. Excellent neck, body and bones. Good topline. Good angulated in front as well in the backhand. Sound mover well presented.

2<sup>nd</sup> number 120

7 months old. Excellent type with good size and substance. Lovely head, very good bite and square fore face. Excellent neck, body and bone. Good movement. I prefer a little bit more underjaw.
