

Trent Boxer Club Championship Show

30<sup>th</sup> August 2021

Dogs : Judge Sue Mullis

Thank you very much to the committee of the Trent BC for my invitation to judge and lovely gift, thanks also to Tanya and Gordon for stewarding for me. It was a long day but very enjoyable with some quality dogs and some close decisions, in the main, I was looking for a medium sized square dog who could move well with a correct clean head, the trend for longer bodies with often over wrinkled heads is a worry for the future.

My principal winners were:

DCC- BOB Cherryforge Galileo

RCC- RBOB Ch Lanfrese Argento

BPD- Sultash Prince Of Hearts

BVD- Ch Daervlish All Because Of You JW

Minor Puppy Dog (5)

1<sup>st</sup> Pearce & Francis, Longsdale's Storm'N Norman, 6 months B/W, very much a baby, just as he should be, shows great promise, square in outline with a good forechest, flows into his shoulders, tight feet, good quarters which will strengthen with age, dark eye, good mouth, pleasing head for his age, moved and handled well, one for the future.

2<sup>nd</sup> Woods, Arkeney Barrister, 7 months B/W, a taller, rangier puppy, with a good front, good muzzle and ear placement, head needs to break, dark expressive eyes, good mouth and lip placement, a little erratic on the move, it will be interesting how he develops.

3<sup>rd</sup> Pearce & Francis, Longdale's Stay'N Put

Puppy Dog (5)

1<sup>st</sup> Godwin's, Sultash Prince Of Hearts, 11 months B/W, a tall well boned boy with strong hocks and good quarters, well laid back shoulders, a lovely expression, dark correct shaped eyes, good mouth and lip placement, moved well, handler gets the best from him, gave him BPD on maturity.

2<sup>nd</sup> Woolliss & Flintoft, Boxiana Roamin' Around at Rameleon, 11 month B/W, he gave his handler a hard time, a good front, a lovely neck, good topline, well off for bone, a clean head with a good mouth, dark eyes but would prefer them a little larger, moved ok when settled.

3<sup>rd</sup> Fay-Smith's, Lorrosa Relight My Fire

Junior Dog (4:1)

1<sup>st</sup> Brough & Cairns, Galicar Inawrap With Limubox, 13 months B/W, presents a lovely square outline, stands well over his front, well off for bone, good forechest, good spring of rib, well angulated throughout, a clean head good rise of skull, super eyes and expression, at one with his handler, covers the ground with purpose, a youngster with a very bright future.

2<sup>nd</sup> Watson & Crooks, Roylark First Sea Lord 16 Month B/W, a shorter cobby boy who showed and moved well, a kind expression with a good mouth, well padded muzzle, a good topline which he kept on the move.

3<sup>rd</sup> Saundby's, Manorbred's Rile On Time At Kelsant (naf)

Yearling Dog (7:3)

1<sup>st</sup> Beardsell & Van Beck's, Newlaithe Super Natural, 13 month B/W, stylish boy fully at one with his handler, super outline, good bone, pleasing head with dark eyes, good mouth, maybe a little more padding to complete the picture, his neck flows into a correct topline, super tail set, good underline, moved very well.

2<sup>nd</sup> Humphreys, Norwatch Sunhawk Good Time With Chribanna, 19 Months B/W, more mature and slightly longer cast with good bone, well angulated front, more my head type, dark eyes, kind expression, good mouth but a preferred the outline and ring presence of the winner.

3<sup>rd</sup> Watson & Crooks, Roylark Bootneck

Novice Dog (7:2)

1<sup>st</sup> Mair's, Glenauld Arthur Shelby, 14 Months B/W, compact and square in profile, a good layback of shoulder, good spring of rib, stands well over his front, a lovely clean balanced head with dark eyes super expression, a blocky muzzle and a good mouth, moves well keeping his topline, well angulated behind with short strong hocks, handled expertly, down to my last 4 for the ticket.

2<sup>nd</sup> Payne's, Willow Storm Chaser, 12 Month B/W, a good front and layback of shoulder, correct topline, a clean head, dark well shaped expressive eyes, a good mouth, slightly longer cast than first, moved well, he does need to strengthen behind which I'm sure will come with time

3<sup>rd</sup> Bole's, Harvlin Hot Toddy

Graduate Dog (8:1)

1<sup>st</sup> Pye's, Burnden Hyperion, 2 yr B/W, Square in outline, excellent bone, good spring of rib, good layback of shoulder, correct topline, good strong quarters, short hocks, a good mouth, correct lip placement, blocky muzzle, melting expression just would perhaps prefer a little more rise of skull he showed and moved well.

2<sup>nd</sup> Payne's, Daervlish Ordinary Love at Birleyvale, 3 yrs B/W, square outline with a good front, topline and quarters, well angulated with short hocks, looks lovely in outline, cleaner head than the winner with a good mouth and a dark eye, just lacking the kind of expression I like, moved and handled well.

3<sup>rd</sup> Murfin & Renshaw-Turner's, Farvalley Dark Warrior

### Post Graduate Dog (5)

1<sup>st</sup> Cherry's, Cherryforge Galileo, 2yr B/W, I liked this boy from the ringside but when you go over him you realise his quality, not over exaggerated in any way, medium sized square dog with a good forechest, correct layback of shoulder, correct topline and tail set, well angulated behind with strong short hocks, super underline, he moved well, totally at one with his handler, his head is just my cup of tea, clean, lovely rise of skull, well padded muzzle, correct shaped dark eye, good mouth with large teeth, not overdone at all, my pleasure to award him the DCC, and with agreement of my co judge BOB.

2<sup>nd</sup> Woods, Arkeney Adventurer 2yr B/W, taller and longer in body, good front and good quarters, an elegant male with more daylight under him than winner, a pleasing head with a good mouth, a dark eye, kind expression he showed and moved well.

3<sup>rd</sup> Loasby's, Berwynfa Fifty Shades Freed

### Limit Dog (7:1)

1<sup>st</sup> Pynegar's, Berwynfa Billionaire, 2yr B/W, a compact square dog with substance, lovely in outline, good forechest and layback of shoulder, correct topline, again my type of head, clean with a lovely kind expression dark eye, very good mouth, moved and handled very well, in my last 4 for the CC.

2<sup>nd</sup> Brown & Hutchings, Winuwuk In The Name Of Lust (AI) 3yr, B/W, a quality dog with a super head and expression, a good front and forechest, really flows from neck to topline, good underline, well angulated behind, moved and handled well, just preferred the square outline of the winner.

3<sup>rd</sup> McDonald's, Yeteb Diddle Diddle JW

### Open Dog (6)

1<sup>st</sup> Griffiths, Ch Lanfrese Argento, 3yr, B/W, a square compact dog with super bone, a stallion of a dog, good front and good layback of shoulder, strong but elegant neck, super condition, present a super outline when stacked, good quarters, maybe lacked a little drive on the move, he has a good mouth, nice expression well padded muzzle, would prefer his head a little cleaner. Showed and handled expertly to gain the RCC and with my co judges agreement the RBOB.

2<sup>nd</sup> Brough & Cairns, Ch Galicar Investigating with Limubox JW, 3yr B/W, I have admired this one from the ringside, slightly longer than first, good front, good layback of shoulder, flows and keeps his topline on the move, well angulated, his head is my type, clean with a lovely dark eye and a kind expression good mouth evident chin, he showed and moved well, I thought he just lacked some of his usual sparkle today.

3<sup>rd</sup> Slattery's, Ch Sleipnir The Norseman

Veteran dog (6)

1<sup>st</sup> Huggins, Ch Daervlish All Because Of You JW, 10 yr B/W, substantial male with a good front, good bone, good quarters, a pleasing head, good mouth, kind dark eye, well padded muzzle, in good condition for his age, moved and handled well.

2<sup>nd</sup> Louis's, Rameleon Nights in Harlem 7yrs, medium sized, square in outline, good front and layback of shoulder, clean head with a good rise of skull, super expression and a good mouth, when he settled he moved well.

3<sup>rd</sup> Fay-Smith's, Ch Winuwuk Scouting For Girls at Lorrosa
